

Swiss Silk Company

Thank you for visiting our website.

Let us make an exclusive silk scarf and silk necktie a reality for you.

We will work with you to produce a unique custom design. Whatever your taste may be – classic, vintage, or contemporary – the result will reflect your style.

Your design will be printed onto the finest silk. Strike-off samples will be printed for your review. You'll select the weave. Crepe de chine, satin stripe, or twill. You'll select the hem. Hand rolled or machine hemmed. The finale choice belongs to you.

The process is exciting, and we pay close attention to detail and quality at each step. We bring more than twenty years of design, business, and production experience to this process.

We have had the pleasure to design for world-renowned hotels, museums, public and private organizations, businesses, sport teams, and universities. And we have created elegant welcome gifts for savvy homeowners and yacht owners. All of whom wanted to give the ultimate gift of silk.

Allow us to create for you.

Please give us a call.
